Era of growth

2014

Era of growth

Strong increase of **native CMDI** ...

Observed **proliferation** of profiles and components
  (at "Future of CMDI" workshop!)

CMDI and metadata curation **task forces** established

CMDI becoming mature

2016

**Figure 8.1:** Component Metadata model (ISO 24622-1, 2015).
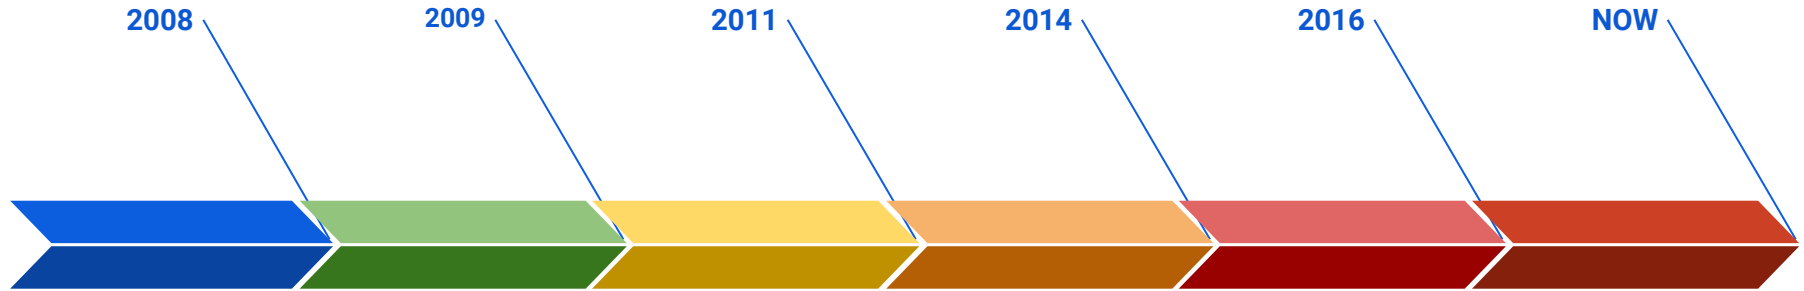

Component X2

CMDI becoming mature

CMDI 1.2: Lifecycle management, external vocabularies, extensibility

- CMD2RDF
- Language Resource Switchboard
- ISO standardisation of model

Increased curation & guidance

2016

Increased curation & guidance

Curation workflow; curation module; link checking

Best practices guide

Recommended components
